

MATHEMATICS = SUCCES²

IntelliChoice, Inc.

Our Mission

To develop an interest in mathematics, increase college readiness, and promote successful future careers for children from kindergarten to 12th grade who lack educational opportunities and resources.

2025 Annual Report

IntelliChoice has four primary programs:

- a. **In-person Tutoring:** Students attend weekly two-hour math classes at local branches, most of them located within public libraries and community centers. Students from grades through K to 12 are welcome to sign up. Most of the volunteer tutors are college and high school students, and current and retired employees from local high-tech industries.
- b. **On-line (face-to-face) Tutoring:** Intellichoice also provides online tutoring with students in remote areas where it can be difficult to access knowledgeable math tutors. We started online tutoring in 2018. During the pandemic year we were fully online. Currently most of our tutoring is in-person; online is mainly for remote areas.
- c. **SAT Prep Camp:** This is an intensive SAT preparation course held during summer break. Classes run 2 hours per day from Monday to Friday for 4 weeks.
- d. **College scholarships:** We award \$30,000 in scholarships to 60 students annually. The purpose of this program is to encourage our students to attend college for future career development. The money is released only when the student joins a two or four-year college program.

Tutoring Locations (Branches)

We currently have twenty local tutoring branches, and we are working to open others so that we can expand our reach to more at-risk children.

2025 SAT Prep Camp

We held the SAT camp from July 7 to August 1, five days a week, two hours per day. This year, the classes were held virtually. 109 high school students registered. Annika Sawant and Kevin Sun were the lead instructors for English and Mathematics, respectively.

This is a 4-week long SAT preparatory camp designed to help underprivileged high school students perform well on the SAT, so they can pursue dreams of attaining higher education. Teachers focus on building a solid foundation for the subjects tested on this exam. Students learn effective test-taking strategies. We encourage students to register for the August SAT following the camp. With their registration, IntelliChoice covers half of the SAT fee for students taking the August test.

2025 Scholarship Banquet

Celebrating Thirty-two Years of Math Tutoring
Sunday, December 14, 2025
The University of Texas at Dallas

Since 2013, IntelliChoice has given scholarships to students who participate in our program. We award \$500 each to up to 60 students annually who have shown good progress in mathematics and history of attendance in tutoring sessions. The purpose of this program is to encourage our students to attend college for future career development.

The money is released only when the student attends a two or four-year college. The 2025 Scholarship Banquet was held at the UTD Davidson-Gundy Alumni Center, and 54 students were awarded the scholarship. The keynote speaker was Mr. Amir Omar, Mayor, City of Richardson.

2. IntelliChoice began teaching math to students of the **Top Achievers Foundation**, a nonprofit organization established in 1996 in Collin County, Texas. Through this partnership, we are expanding our reach to serve more students who need academic support and mentorship.

A new branch was officially opened in **September 2025** at the Guinn PISD location in Plano, Texas. This branch allows us to serve additional K–12 students within the Plano community.

3. New Branch Opening – March 2026

A new IntelliChoice branch will open in **March 2026** at the **Debre Berhan Holy Trinity Ethiopian Orthodox Tewahedo Church** in Garland, Texas.

This expansion reflects our continued commitment to serving diverse communities across the region.

4. Summer Intensive Online Program

For elementary and middle school students, IntelliChoice conducted **face-to-face online classes** during summer break:

- 2 hours per day
- Monday through Friday
- 4 weeks

This structured summer program helped students strengthen foundational math skills and prepare confidently for the upcoming academic year.

IntelliChoice is a non-profit, 501(c)(3) organization registered in the state of Texas.
